## Snowboarder MBM NovaDay 2008 presented by SAMSUNG

Intersport NovaPark, Silvretta Nova, Montafon

The event series Swinging Spring in the Intersport Novapark in Silvretta Nova had it's highlight with the Snowboarder MBM NovaDay on Saturday, 29.03.2008.

The famous Snowboardmagazine Snowboarder MBM, lots of Pro riders, kids from the region and all of rank and file travelled to the Montafon and showed that kind of lifestyle with every trick in the book! Professional photographers and filmers went there to document every nice trick and lots of funny lifestyle at the MBM NovaDay 2008. You can download those pics for free from the official website of the Intersport NovaPark, [www.novapark.info](http://www.novapark.info).

The free Pro-Coaching with snowboard pro's Seppi Scholler, Lukas Draxl, Andre Kuhlmann, Florian Thaler and René Schnöller was very popular and made for a strong and positive echoe by the park people!. Every parkrider was invited to shred the Intersport NovaPark with one of the big names, learn new tricks and get some professional Tipps and tricks! It turned out to be an informative and funny experience for both sides!

"Kuba" – a young rider from Poland won the SAMSUNG Best Trick Session on the "wallride" and therefore the considerable prize money of 1000 Euros! Furthermore he could go home with a brand new SAMSUNG mobile phone! Paul Dreher got second and Svetko "Sveti" Baltic, the Headshaper of the Intersport NovaPark saved the pride of the locals by ranking third. Paul and Sveti were rewarded with a Samsung mobile phone at the tent of the main event sponsor too.

The big tombola in the Intersport NovaPark was accompanied by funny rhymes from MC LIX and did the finish of this unforgettable MBM NovaDay on the mountain. Many out of the 600 people joining the session got precious and cool stuff from the sponsors of the Intersport NovaPark: Horsefeathers, Deeluxe, Atomic, etc.! At the end, hundreds of free T-shirts were thrown into the crowd, which caused a big rush and made older visitors hide behind the „Schneebar“.

Because the best day in spring is supposed to end with the best party, Texta kept the crowd dancing at the after party in the Limo – which was heavy overloaded. The common „AprésSki“ charm was detached this night by true HipHop style! Furthermore DJ Shakewell (DJ DAN/TEXTA & DJ PHEKT/FM4/TRIBE VIBES) took care of the right partytunes until the early morning hours, while the well-known Scene-VJ OchoReSotto rounded off the nightly event!

In the end lots of laughing faces, a sportive face tan and a permanent memory on the still best ever NovaDay remains!
